

QUALITY CERTIFICATE

Horsens, 1st December 2008

With reference to our products we certify, that

- the raw material used is polypropylene (PP),
- the raw material complies with FDA¹ (USA), BfR² (Germany) and/or EU³ regulations assuring food safety,
- all additives comply with FDA (USA) and/or BfR (Germany) regulations assuring food safety,
- the raw material is virgin material assuring a high and consistent product quality,

and that we carry out fall test regularly.

¹ FDA Regulations (USA) 21 CFR 177.1520 (1998 edition) Polyolefins (food types identified in Categories I to IX of table I, conditions of use B through H of Table 2 21 CFR 176.170 (c)).

² Bedarfsgegenständeverordnung 10/4/92 and amendments (11/4/94, 15/7/94 and 16/12/94). Bedarfsgegenständeverordnung 17/4/97 and 23/12/97. Bedarfsgegenständeverordnung 7/4/03

³ Produced from monomers and additives listed in EU Directive 2002/72/EC (published 06/08/2002, corrigenda 13/02/2003), and 90/128/EEC relating to plastics materials and articles likely to come into contact with foodstuffs published 23/2/90 corrigenda 13/12/90, and its amendments 92/39/EEC (14/5/92), 93/9/EEC (15/3/93), 95/3/EC (14/2/95), 96/11/EC (5/3/96), 99/91/EC (23/11/99), 2001/62/EC (09/08/01), 2002/17/EC (21/02/02).
